Jessica Claire

Work Experience

Director of Information Technology

Indiana Packers
Corporation, Delphi

January 2013 - Present

Maximized success of software and hardware solutions for an industry-leading storage products and services company with \$550M annual revenue. Oversaw software and hardware engineering activities, including video-based security systems products.

Collaborated with vendors and internal stakeholders to drive new infrastructure and cost control strategies. Led risk assessment audits and security awareness training to improve team knowledge of vulnerabilities and recovery processes.

Major Accomplishments:

Spearheaded an innovative VoIP solution that maximized customer support and improved product marketing. Introduced new operational procedures that improved delivery and support of phone network services for 40

Education

**Master of Science in
Security Assurance,
Computer Security,
and Information
Assurance**

Western Governors
University, Salt Lake
City, Utah, 2017

**Bachelor of Science
in Business
Administration,
Project
Management, and
Operations**

University of Phoenix,
Phoenix, Arizona,
2005
